

# A Proven Sporidical Disinfectant

## Revolutionary Infection Control

STERIPLEX HC (Health Care) sets new industry standards as first broad-spectrum sporicide to receive EPA registration. A paradigm shift in sterilization and disinfection, STERIPLEX HC is non-fuming, non-corrosive and quickly destroys virulent endospores including *B. subtilis* and *C. sporogenes*.

STERIPLEX HC also effectively kills *Mycobacterium tuberculosis*, *Pseudomonas aeruginosa*, *Salmonella enterica*, *Staphylococcus aureus* and all other microbes independently tested in just seconds. With an HMIS health rating of '0', STERIPLEX HC enables health care professionals to quickly and safely disinfect patient care surfaces without being exposed to toxic fumes or liquids.

## Protect Your Patients and Employees

Better prevent infections and eliminate harmful fumes in your office with the latest advancement in infection control. STERIPLEX HC is the first and only health-wise Sporicide, Tuberculocide and Bactericide available. Fast, non-corrosive and non-fuming, leading health care institutions now choose STERIPLEX HC.

# Compare **STERI-PLEX<sup>®</sup>** **HC**

<sup>1</sup>Bleach is a disinfectant with sporicidal activity limited to C. diff and is not a sporicide or cold liquid sterilant rated to kill all microorganisms and spores.

## A Proven Sporicidal Disinfectant

### CLASSIFICATION

- ▲ **STERIPLEX HC** Activated Solution is a broad-spectrum Sterilant/Sporicide, Tuberculocide, Bactericide and Deodorizer cleared for use on non-critical/semi-critical medical devices and hard surfaces. E.P.A. Reg. No. 84545-4 E.P.A. Est. No. 84545-UT-001

### PRODUCT DESCRIPTION

- ▲ **STERIPLEX HC** Activated Solution is a broad-spectrum Sporicide, Disinfectant, Sterilant and Deodorizer, proven to kill endospores of *Bacillus subtilis*, *Clostridium sporogenes*, as well as *Mycobacterium* (Tuberculosis) (at 68° F), *Pseudomonas aeruginosa* (Pseudomonas), *Salmonella enterica* (Salmonella), *Staphylococcus aureus* (Staph), on non-porous hard surfaces.
- ▲ **STERIPLEX HC** represents a technological paradigm shift in infection control technology, delivering unsurpassed sporicidal and broad-spectrum kill against the most difficult to kill microorganisms in just minutes without the harmful contraindications associated with competing disinfectant/sterilant products.
- ▲ **STERIPLEX HC** user friendly chemistries are non-fuming, dermally non-toxic, non-corrosive and biodegradable. **STERIPLEX HC** will not harm users, fixtures or medical devices.
- ▲ **STERIPLEX HC** can be conveniently applied to surfaces by BioSpray® Power Pack Systems, spray, wipes, mopping, cloth or sponge method. Learn more about the **STERIPLEX HC** Wipes System below.
- ▲ **STERIPLEX HC** utilizes a unique wetting agent preventing product evaporation; thus assuring adequate dwell time and confirmed microbial kill.
- ▲ **STERIPLEX HC** disinfects and deodorizes hard, non-porous surfaces within Hospitals, Surgical Centers, Dental and Veterinary Offices, Cat. Lab, Blood Collection and Donation Centers, Isolation Units, Emergency Units, Surgery, Recovery, Anesthesia, X-Ray, Intensive and Critical Care Units, Orthopedics, Newborn Nursery, Respiratory Therapy, Radiology, Pediatrics, Physical Therapy, Rehabilitation, Ophthalmology, Optometry, Hospices, Central Supply, Emergency Medical Vehicles, Police and Fire Vehicles; also including Chairs, Stools, Counter Tops, Drawer Pulls, Door Knobs and Handles, Carts, Baskets, Pans, Pails, IV Poles, Tables, Cabinets, Lighting Fixtures, Bassinets, Bed Rails, Incubators, Physical Therapy Equipment, Shower Stalls, Toilet Exteriors and Toilet Seats, Telephones, Stretchers, Examination Tables and more.

### FEATURES & BENEFITS

- ▲ **STERILANT/SPORICIDE/TUBERCULOCIDE/BACTERICIDE/DEODORIZER**  
Provides new possibilities as a powerful, non-toxic spray and wipe
- ▲ **BROAD-SPECTRUM**  
Provides near instant kill against a vast array of microbes
- ▲ **USER FRIENDLY**  
The health-wise choice for patients and professionals
- ▲ **FAST**  
Achieve rapid disinfection of patient care and general surfaces
- ▲ **NON-CORROSIVE**  
Superior material compatibility. Stainless steels, plastics and polymers exhibit no corrosive effects
- ▲ **COST EFFECTIVE**  
Enhanced efficacy and greater value for the money
- ▲ **NOT A SKIN IRRITANT OR SENSITIZER**  
No dermal sensitivities. No contraindications
- ▲ **NON-FUMING, NON-TOXIC TO INHALE**  
No special ventilation necessary. Zero inhalation risks
- ▲ **PENETRATES BIOFILMS AND BIOBURDEN**  
Penetrates and destroys all biofilms. Highly effective in the presence of blood, soil and other contaminants
- ▲ **BIODEGRADABLE**  
Decomposes naturally

### **STERIPLEX HC WIPES SYSTEM**

Imagine a wipe that is non-bleaching, non-fuming and yet highly effective with no gloves required. The **STERIPLEX HC** Wipes System allows users to add **STERIPLEX HC** Activated Solution to dry wipes in a reusable plastic container. This simple system also allows users to determine moisture content of their wipe by adding more or less solution. **STERIPLEX HC** Activated Solution is sporicidal for 14 days and achieves complete kill against all non-spore forming microbes for 40 days.

- ▲ **Cost saving. Simple**
- ▲ **The smarter way to disinfect**

### **GENERAL USES**

**STERIPLEX HC** Activated Solution is effective on non-porous hard surfaces in Hospitals, Surgical Centers, Dental and Veterinary Offices, Laboratories, Nursing Homes, Day Care Centers, Homes, Animal Shelters, Kennels, Hotels, Motels, Restaurants, Offices, Beauty Salons & Barber Shops, Subways, Trains, Airplanes, Cruise Lines, Busses and other public transportation vehicles, Locker Rooms, Gyms, Restrooms, Correctional Facilities, Funeral Homes, Morgues, Spas, Health Clubs, Schools and Medical School Facilities, School Buses and more.

### **MEDICAL INDUSTRY USES**

**STERIPLEX HC** Activated Solution is an effective disinfectant on hard non-porous surfaces within Hospitals, Surgical Centers, Dental and Veterinary Offices, Cat. Lab, Blood Collection and Donation Centers, Isolation Units, Emergency Units, Surgery, Recovery, Anesthesia, X-Ray, Intensive and Critical Care Units, Orthopedics, Newborn Nursery, Respiratory Therapy, Radiology, Pediatrics, Physical Therapy, Rehabilitation, Ophthalmology, Optometry, Hospices, Central Supply, Emergency Medical Vehicles, Police and Fire Vehicles; also including Chairs, Stools, Counter Tops, Drawer Pulls, Door Knobs and Handles, Carts, Baskets, Pans, Pails, IV Poles, Tables, Cabinets, Lighting Fixtures, Bassinets, Bed Rails, Incubators, Physical Therapy Equipment, Shower Stalls, Toilet Exteriors and Toilet Seats, Telephones, Stretchers, Examination Tables and more.

### **HOME USES**

**STERIPLEX HC** Activated Solution is an effective disinfectant on Kitchen Stove Tops, Sinks, Drain Boards, Cabinets, Refrigerator Exterior Surfaces, Floors, and Window Sills, Laundry Room Surfaces, Bathroom Counter Tops, Tubs, Showers, Glazed Tiles, Toilet Surfaces, Walls, Floors, Hampers, Diaper Pails, Scales, Mirrors, Door Knobs, Handles, Faucet Fixtures and more.

### **APPLIANCE USES**

**STERIPLEX HC** Activated Solution can be used on Appliances, Telephones, Mobile Phones, Light Switch Covers, Computer Keyboards, Computer Mouse, Remote Controls and more.

### **NURSERY USES**

**STERIPLEX HC** Activated Solution is effective when used as directed on Children's Toys, Diaper Changing Tables, Cribs, Strollers, Baby Car Seats, Play Pens, Activity Centers, Desks, Play Table & Chairs, Children's Play Sets, Riding Toys, Bath Toys and more.

### **GENERAL SURFACE USES**

**STERIPLEX HC** Activated Solution is effective on Formica, Glazed Ceramic, Glazed Enameled Surfaces, Glazed Porcelain, Metal, Plastic, Sealed Granite, Sealed Limestone, Sealed Marble, Sealed Slate, Sealed Stone, Sealed Terra Cotta, Sealed Terrazzo, Stainless Steel, Upholstery, Vinyl, Finished Woodwork and more.
